OUTLINES.

That the colossal productive resources of this country make protracted money stringency impossible is shown from the fact that fabulous wealth from Europe will soon be dumped into the United States for cotton, wheat, copper, tobacco, oil and meats; tremendous amounts of these products have been sold abroad, tobacco alone bringing $100,000,000; the sales of these products is bound to actively ease the financial situation. ——A dispatch from New Orleans notes as evidence that the South is financially safe that Galveston, New Orleans, Savannah, Wilmington and Norfolk are sending immense exports of cotton to Europe and that it will make European exchange that will bring gold to New York to relieve the money stringency; at New Orleans fifty ships are awaiting cargoes and that port will ship tremendous values of cotton, sugar, molasses and rice; all that is needed is money to move the crops, and in order to husband the money resources, the two stock exchanges at New Orleans have suspended till next Monday.——On Monday the prohibitionists carried Jefferson county, Alabama by 1,800 majority, and after January 1st 110 saloons in Birmingham, besides others in several cities, will have to be closed.——Edward Payson Weston, aged 69 years, who 40 years ago walked 1,230 miles from Portland, Me., to Chicago, in 26 days, left Portland yesterday to repeat the feat of his youth. ——The divorce litigation of the Hartjes, of Pittsburg, was resumed anew yesterday in Philadelphia.——Arrangements were made yesterday whereby Galveston banks will advance money on all cotton stored in warehouses to be held for higher prices, the statement being made that 1,000,000 bales, or one-third of the Texas crop is so stored and withheld from market.——The banks of Danville will issue Clearing House certificates to facilitate transactions in tobacco, as they find it impossible to withdraw their deposits with New York banks.——President Roosevelt and his cabinet yesterday considered the financial situation in New York the statement being given out that Secretary of the Treasury Cortelyou has deposited $50,000,000 with National banks since early in September.——Mlle. Ragozinnikova, the Russian girl who assassinated General Maximoffsky in St. Petersburg on Monday was yesterday tried by court martial and sentenced to be hanged.——In Berlin yesterday Editor Maximilen Harden, of the Die Zukumft, was acquitted in the case in which General Count Kuno VonMoltke sued him for libel; Harden was cheered by the audience and an immense throng of people who waited outside in the rain.——New York markets: Money on call, in strong demand at 4 to 75 per cent., ruling rate 50, closing bid —, offered at 6; spot cotton steady 10.80; flour firm; wheat steady, No. 2 red, 1.07 3-8 elevator; corn barely steady, No. 2, 70 1-4 elevator; oats firm, mixed 53, natural white 54 to 56; turpentine steady; rosin firm.

Eve was the first nature fakir.

We confess that we do not like government commissions with very large powers. It is the first step towards bureaucracy.

Two Texans had a terrible fight while it was so dark they could not see each other. One or the other had a fine opportunity to "back out" without being seen.

In ten years there have been 1,300,000 divorce suits in the United States. Looks like we need a Hague matrimonial tribunal in this country to bring about peace in the family.

Some of our Star readers will be interested in the announcement that the price of paroxide of hydrogen has advanced. That is what is used in the manufacture of chemical blondes.

The innocent by-stander is not the only one that gets it in the neck when the shootng is going on. For instance, there is the bank depositor who is at the mercy of a banker who proves to be a son-of-a-gun.

If Col. William J. Bryan wakes up to find that somebody has stolen his "Average Man," he probably can find out his whereabouts as President Roosevelt in his Thanksgiving proclamation gave himself away by lugging in the "Average Man."

Says the Houston Post: "Nearly everybody in the country seems crazy to come to Texas." We should say that they are crazy not to come to eastern North Carolina where good land is cheap and living is easier than in any other portion of the world.

The New York banks which have been conducted on business principles are as firm as Gibraltar. It is the wild-cat bankers who are in trouble. Instead of investing the money of depositors in safe loans they used it to promote their own schemes and ventures. To keep men like that out of banks is one of the problems not so easy to solve. Generally they are not known till they are caught.

A STRIKING SERMON

Library of Congress

Bishop of Vermont Preaches Sunday Took Advanced Ground on Prohibition.

COST OF RATE LITIGATION

Over Four Thousand Dollars Already Paid Out to Lawyers and Others. Spanish-American War Claims. Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 29.—In a striking sermon Sunday in Christ Church this city Rt. Rev. A. C. Hall, D. D., bishop of Vermont, declared that he has no faith in prohibition which, he said, seemed to be gaining ground rapidly in the South. He had seen it tried in New England, sometimes honestly, sometimes fanatically and sometimes as a part of political schemes, but that his experience taught him that it will not work.

He said that in small localities the sale of liquor might be restricted but not to any advantage in larger towns. He contended that prohibition laws have the tendency to "draw saloons under ground" where they are without regulation. He contended that the true Christian position was not "Thou shalt not have a glass" but to work quietly on the man within and educate him up to self restraint and if need be to total abstinence. Education of the people up to the evil of drink was the true mission of temperance rather than fanatical effort in the direction of legal prohibition.

The People's Laundry (Inc.) organized by citizens of Raleigh for the purpose of contesting the action of the two old laundries in making a general advance in charges for laundry, has purchased the building of the old Carolina Phosphate Works, west of the city. The place is to be remodeled and machinery, the latest obtainable, will be installed and ready for operation within three months. Cary Hunter is president of the company.

Governor Glenn has designated the two North Carolina Senators and the ten Congressmen of the State as delegates to represent North Carolina at the National Rivers and Harbors congress to be held in Washington December 4th, 5th and 6th. The sessions will be held at the Willard Hotel.

Governor Glenn at noon today heard a delegation appearing in the interest of Robert Lilliston, who has served two years of a fifteen-year sentence for shooting Charles Smith, of Petersburg, in the crowded waiting room of the union depot here about the last day of the State fair three years ago. It is understood that Judge Ward who tried the case and Solicitor Jones who prosecuted join in the petition for the pardon.

A charter is issued for the Virginia-Carolina Peanut Company of Williamston, capital $100,000 authorized and $5,000 subscribed by J. G. Godard and others. The Orange Telephone Company, of Cedar Grove, Orange county, capital $10,000 authorized, $150 subscribed by W. R. Roberts, M. W. Arrowood and others.

Friends here are deeply concerned at the condition of ex-Mayor A. M. Powell, who has been unconscious for thirty-six hours or longer. He was taken desperately ill last Friday and there is grave fear for his life. He has served four terms as mayor of Raleigh and is a popular and valued citizen.

It is of interest to note that to date there has been paid out of the State treasury in expenses by the State in the railroad passenger rate litigation $4,039.60. This is nothing like the actual cost to the State to date since some of the State attorneys have not yet drawn any fees whatever. It is estimated that the final cost of the litigation to the State no matter how speedily the whole matter is settled will be not less than $15,000. The following are the payments made in the case to date: Charles B. Aycock, $500; E. J. Justice, $500; Merrimon & Merrimon, $250; S. G. Ryan, $250; Attorney General Gilmer, expenses to Asheville $23;; E. J. Justice, expenses in Washington first week of hearing $250; Seeman Printing Co., $35; C. B. Aycock, expenses in Washington, $75; Edwards & Broughton, for printing briefs, $25; J. E. Shepherd, expenses as counsel, $276; W. S. Hymes, clerk U. S. Court, $225.45; E. J. Best for copies of record, $60; F. A. Woodward expenses in rate cases, $264.95; E. J. Justice, professional services, $600; A. Manuel for copying evidence, $184.50; Commercial Printing Co., $19.50; C. B. Aycock professional services, $500.

Governor Glenn says that just as soon as the official roster of North Carolina troops in the Spanish-American war can be procured from Washington he will be ready to proceed with the distribution of the funds procured from the government as balance due to the soldiers as mustered out at the close of the war. It will be necessary for those entitled to this money to file certificates showing that they were in the service during the last days that are included in the additional credit allowance by the government.

Governor Glenn has decided to attend the conference of Governors at Atlanta Friday to consider the co-operation of several States in the litigation in force as to the act reducing passenger fares. A telegram from Governor Comer, of Alabama, insisted that Governor Glenn attend and he stated that Governor Swanson, of Virginia, would also attend. This makes the conference consist of Governor Glenn, of North Carolina; Governor Comer, of Alabama; Governor Smith, of Georgia; Governor Swanson, of Virginia; Governor Glenn still declines to talk of the compromise between the State and the Southern believed by some to be pending. One thing seems certain, if there is any adjustment of the rate it will have to be the 2 1-4 cent rate enacted by the legislature.

Dr. D. E. Everett, of this city, was summoned to Goldsboro by a telegram today announcing the death of his brother-in-law, Dr. B. F. Arrington, who died there Tuesday morning leaving his wife and four children. He was eighty years of age and was widely known as an able dental specialist.

They say that Hughes hews to the line, and doesn't let Roosevelt dictate where the chips shall fall.

LADIES' NIGHT A SUCCESS

Orient Lodge No. 359, A. F. & A. M., Delightfully Entertained Last Night in Masonic Temple. Elegant Luncheon Served.

Orient Lodge No. 395, A. F. and A. M., last night most delightfully entertained upwards of one hundred and twenty-five guests in the chapter room of their handsome Masonic Temple on Front street, the occasion having been "Ladies Night," an annual entertainment instituted a few years ago in compliment to lady friends and the families of members of the order. With each recurring year the annual "Ladies' Night" has grown in favor until now the event is accounted one of the leading social affairs of the early Fall season in Wilmington.

The entertainment last evening was no exception to the rule and the occasion gave great pleasure to all in attendance. The ladies, of course, were the guests of honor, which found neat expression in the following toast introducing the programme of the evening:

"May kind heaven bless them,
Fond husbands possess them,
Sweet children caress them,
And nothing distress them."

The guests were welcomed to the pleasures of the evening by James O. Carr, Esq., who was very graceful in this pleasant duty, the response having been by Rev. R. W. Hogue, who is always at his best upon whatever occasion. Then followed the other features of entertainment, an exhibition of moving pictures on a large canvas immediately in front of the audience by Messrs Howard & Wells having given great pleasure to all. Other features were two selections by Mr. Joseph B. Fenley and a reading by Miss Taylor, all of which were enthusiastically encored. Mr. E. H. Munson was at the piano as accompanist for all the musical numbers.

Following the more formal part of the evening's entertainment a delightful repast was enjoyed, the young ladies who served most charmingly having been Miss Annie Hill Holmes, Miss Bessie Loder, Miss Helen Clark, Miss Theo. Cantwell, Miss Amoret Lord and Miss Fannie Murchison. All joined most heartily at the conclusion of the exercises in singing with a will "The Old North State Forever" copies of which were presented to the guests with the programmes.

The ladies were presented as souvenirs of the occasion with pretty little miniature aprons, emblems of the order, neatly done in white kid and lettered in gold with the name of the lodge, the square and compass and the words "Ladies' Night, October 29th 1907." On the back of the souvenirs were a list of the officers of the lodge: Robert C. DeRosset, Worshipful Master; Thomas R. Orrell, Senior Warden; G. L. Allen, Junior Warden; James C. Munds, Treasurer; Clem C. Brown, Secretary; J. Holmes Davis, Senior Deacon; Ed. H. Munson, Junior Deacon; J. S. Brittain, Steward; J. Fred Russ, Steward and Herbert K. Holden, Tiler." These little souvenirs were attachable by a tiny white silk cord and were very pretty.

The committees in charge of the very elegant affair last night were:

Reception—R. C. DeRosset, W. M., chairman; T. R. Orrell, S. W., G. L. Allen, J. W., M. S. Willard, P. M.., H. G. Smallbones, P. M., J. W. Jackson, P. M., W. H. Chadbourn, P. M., W. P. Toomer, P. M., W. D. MacMillan, P. M., U. M. Robinson, P. M., W. D. MacMillan, Jr., P. M., R. W. Wallace, J. H. Davis, J. W. Murchison, J. D. Bellamy, Jr., Jr., C. F. MacRae, J. F. Leitner, J. S. Brittain and R. A. Williams.

Arrangements—William F. Robertson, chairman; E. H. Munson and Cuthbert Martin.

Mr. L. R. Mason Celebrates.

Mr. L. R. Mason, one of the county's oldest and most highly esteemed citizens, on Monday celebrated his 80th birthday at his home on Middle Sound. Fifty-four descendants of the family attended the celebration and an enjoyable family reunion was spent. Among those present were relatives from Hartford, Conn., Onslow county, and other points at a distance.

WATER COMMISSION

Mr. C. W. Worth Elected Third Member and Organization Perfected Last Night.

COL. TAYLOR IS CHAIRMAN

Mr. M. W. Jacobi Elected Secretary. Special Meeting of Board of Audit and Finance Held Yesterday at Noon.

The newly-elected Water Works and Sewerage Commission of Wilmington, which was completed with the election of Mr. Charles W. Worth as the third member of the body by the Board of Audit and Finance at a special meeting yesterday at noon, perfected its formal organization last night in the Mayor's office at the City Hall with the election of Colonel Walker Taylor as chairman and Mr. Marcus W. Jacobi as secretary. The meeting was called to order at 8 o'clock and nearly two hours and a half was spent by members of the Commission in discussing the situation and preparing to take charge of the water plant on Friday of this week, November 1st. After the meeting nothing was given out for publication save that the Commission had met and organized and was studying the situation in order that members of the body might be able to take charge when the plant is turned over to them. There can be no doubt, however, that the Commission has entered upon its work with an enthusiasm and an application of business methods that means nothing but success for the important branch of the city government which they will have in charge in the future.

The further developments in the water work situation began yesterday noon with the special meeting of the Board of Audit and Finance for the purpose of electing its member of the Commission, the appointees by the Mayor and the Board of Aldermen having been announced the night before. All members were present at the meeting and after receiving an official report of the action of the Board of Aldermen with reference to the matter in hand from the night before and after the same had been approved, Mr. Wilder moved the election of Mr. C. W. Worth to represent the Board of Audit and Finance on the Commission for a term of six years as provided in the act. This nomination was promptly seconded and Mr. Worth's election was unanimous. His election completes the commission with Mr. Jacobi, appointed by the Mayor to serve for two years; Colonel Taylor elected by the Aldermen for a term of four years and Mr. Worth by the Board of Audit and Finance for a period of six years. The meeting then adjourned subject to call of the chairman.

The completion of the Commission with the election of Mr. Worth by the Board of Audit and Finance was received with genuine satisfaction by the public yesterday. It is generally agreed that the personnel of the Commission could not be improved upon and that Wilmington will enter upon her first experiment with municipal ownership under the most favorable conditions and under conditions that will make for success if success is possible. All the gentlemen named on the Commission are men of large affairs, sound business judgment and an integrity which has never been questioned. Their selection is way up and above municipal politics and they were induced to accept service on the Commission only after repeated overtures made to them by persons who have the interest of the city at heart.

Members of the Commission were officially notified of their election during the day and at once a movement was set on foot for an organization which was necessary on account of the short time to elapse before they must take charge of a very large business. The meeting was held last night in the Mayor's office with all members in attendance. After discussing the situation at some length, Magistrate W. R. Smith, who is a station officer over in police headquarters, was called over and before him, the three members of the body qualified by taking the oath prescribed by law. The Commission then settled down to business; Colonel Taylor was elected chairman; Mr. Jacobi, secretary, and the act under which the water plant is being taken over was brought out and studied for some time. A member of the Commission stated after the meeting that the question of the election of sub-officials of the system was not entered upon at all, but that for the present all employes will be retained, of course.

City Attorney Marsden Bellamy, Jr., spent yesterday in searching the title to the property and stated yesterday afternoon that he saw no reason why everything should not be closed up Thursday afternoon, so that the plant could be taken over by the city upon the opening of business Friday morning, the first. Of course, there are several papers to be drawn and other details to be looked after, all of which is receiving the painstaking care of the attorney. The city will be ready with its initial payment on the plant ths coming as a loan to the Water Commission from the sinking fund in the same manner as it was offered some time ago to provide the Street Commission with funds in the event it desired to proceed at once with the work of permanent street work. It is stated that the plant will be quite self sustaining once it is in the hands and operation of the city, even with the amount of already collected rentals which the company retains according to the terms of the agreement. The city itself has been paying something over $800 monthly for hydrant rentals and this will be a big saving within itself.

The election of Mr. Jacobi to the Water and Sewerage Commission means that he will have to resign from the Board of Health, which was contemplated when he consented to serve in the larger capacity. This is greatly regreted by the Mayor and other members of the Board of Health but it was demonstrated by Mr. Jacobi while a member of the latter Board the he is the very man for the Commission. He gave much of his time and attention to the affairs of the Board of Health and never faltered in his service to the city.

A strong, healthy colored man, between 20 and 30 years of age, may secure employment by making application at the Star office. Must give good recommendations as to habits and general character. tf

AN AFTERNOON WEDDING

Pretty Ceremony Joined in Marriage Popular Young People — Miss Daisy Manning Davis to Mr. J. Hardy LeGwin.

At the home of the bride's sister, Shadeland, in East Wilmington, at half after five o'clock yesterday afternoon, a beautiful wedding ceremony with tableaux effect in the handsomely decorated parlors of the residence, joined in marriage Miss Daisy Manning Davis, an attractive young daughter of Mr. and Mrs. Daniel Cortland Davis, of Greenville Sound, and Mr. John Hardy LeGwin, a popular young Wilmingtonian employed in the general offices of the Atlantic Coast Line in this city. There were present to witness the pretty nuptial event a large number of admiring friends and relatives of the young people to the solemn marriage vows, which were administered by the Rev. A. D. McClure, D. D., pastor of Saint Andrew's Presbyterian Church, assisted by the Rev. W. L. Cunninggim, presiding elder of the Wilmington District M. E. Church. The marriage is described as having been charming for its every environment and one of the most elegant of the early Fall season in Wilmington.

The parlors of the home in which the ceremony took place were very attractively decorated with smilax, ferns and chrysanthemums, the prevailing colors having been yellow and white and this having been carried out in the decorations all over the house. Excellent music was played by Adkins' Academy Orchestra, the party having been ushered into the room where an altar had been beautifully improvised. The bride was attended as maid of honor by her sister, Miss Lillian Davis, while her bridesmaids were Misses. Ethel Hopkins, Ethel Cheek, Bella Lawther, of Wilmington, and Miss Julia McSorley, of Newbern. The groom was attended as best man by his brother, Mr. Roy LeGwin, while the groomsmen were Messrs. D. N. Chadwick, Jr., W. G. Smith, Harry Newlands and W. T. Farriss.

The bride was becomingly gowned in a brown traveling suit with hat and gloves to match while the maid of honor and bridesmaids were pretty in white with large bouquets of yellow chrysanthemums. The groom and male attendants wore suits of black with boutonnieres of white and yellow. Each of the guests was presented a souvenir box of wedding cake with the proverbial admonition as to its use for carrying the recipient into the realms of the future.

After the ceremony an informal reception was held at which a luncheon was served and Mr. LeGwin and bride were showered with the happiest felicitations upon their happy union for life. Later the wedding party accompanied the bride and groom to the Front street passenger station whence they took their departure on the northbound Atlantic Coast Line train for a two weeks' wedding trip north, including Richmond, Washington and New York, returning from which they will be at home at No. 420 South Fifth street.

On the evening before the wedding, members of the bridal party were delightfully entertained at the home of Mr. and Mrs. A. O. McEachern, Shadeland, in East Wilmington, with whom the bride has made her home for some time. A large number of very handsome and useful wedding presents were received by the many friends of the bride and groom in Wilmington and elsewhere.

Both Mr. and Mrs. LeGwin are very popular in a wide circle of friends in this city and there are many who will join in happiest felicitations to them upon the pretty wedding ceremony of yesterday afternoon.

—The alarm of fire from box 16, Fourth and Brunswick streets, last night about 10 o'clock was on account of a slight blaze in an alley in that vicinity. The damage was trifling.

THE MEETING HERE

State Waterway Convention Will Be Held in United States Court Room.

TUESDAY OF COMING WEEK

Indications Point to Good Attendance. Senator Overman, Governor Glenn and Many Congressmen Will Be Here—Arrangements.

Mr. James H. Chadbourn, chairman of the committee from the Chamber of Commerce of Wilmington, which has in hand the movement for a 30-foot depth of water from Wilmington to the sea and under the direction of which Mr. John A. Fox is now travelling in the State to interest the business men of North Carolina in the project as the only salvation for interior points in their fight for equal freight rates with Virginia cities, announces that the State Waterway Convention to be held in this city on next Tuesday will be called to order in the United States court room in the Postoffice Building at 10:30 A. M. The court room is well suited for a convention of the kind, splendidly lighted and heated and there is abundant seating capacity for all who will attend, not only from this city from which it is expected there will be a full representation of the business interests, but also from every shipping point of importance in the State. Mr. Chadbourn arranged with Postmaster Wallace, custodian of the building, for the use of the court room yesterday, and all other arrangements for the meeting of the business men of the State upon this important question are also under way.

Mr. Chadbourn has private advices as well as general information through the press that Mr. Fox in his travels through the State has made a fine impression on the business men, who have taken a lively interest in the project and will be well represented at the meeting here next Tuesday. Mr. Fox has now spoken in the West and in Piedmont North Carolina and will be engaged this week in the East, visiting Wilson, Goldsboro, Fayetteville, Newbern and perhaps one or two other important points. He has presented government improvement of waterways to the people of the interior in an entirely new light to them and there can be no doubt of the State's giving its solid backing to the proposition to make Wilmington a great water gateway so that ships of any size may bring and carry cargoes and coal here, at the same time requiring the railroads to give the whole State a freight rate in common with other waterway points.

All the business organizations in cities where Mr. Fox has visited have promised to send delegates and at the meeting here a branch of the National Rivers and Harbors Congress will be organized permanently.

Mr. Chadbourn is advised that a large majority of the North Carolina delegation in Congress will attend the meeting. Governor Glenn has also promised his attendance and Senator Lee S. Overman, always a favorite in New Hanover, will be present also. It is much regretted that on account of a marriage in the family, it will be impossible for Senator Simmons to come as he had expected. The convention will gather in Wilmington a distinguished body of men, whose influence it would seem could accomplish most anything. Wilmington extends a cordial invitations to the business men all over the State to be present at this meeting, which will mark a new era in the solution of the transportation problem in North Carolina. Water transportation has not only come now to be the cheapest method of handling freights, but it has actually come to pass that with the congestion on all railway lines, it is also the quickest. Not only will money, but time will be saved by the opening of Wilmington as a gateway so that all classes of freight for all North Carolina may be shipped through this port.

Mr. F. S. Rodes Injured.

While walking between the tracks under the Coast Line passenger shed Monday afternoon to deliver some papers to the Columbia train about to depart, Mr. F. S. Rodes, a clerk of the A. C. L., was struck by an express truck and knocked violently to the hard cement walk, rendering him unconscious for a few minutes. He was picked up by Capt. J. R. Williams, agent of the Express Company here, and is not seriously but rather painfully injured.

STATE RIVERS AND HARBORS CONGRESS.

Mr. John A. Fox, special director of the National Rivers and Harbors Congress, is making a good impression throughout North Carolina in his campaign to create interest in the development of the waterways and harbors of this country and especially to arouse the people of North Carolina to the importance of backing up Wilmington in her efforts to secure from Congress a sufficient appropriation to give the port a 30-foot channel in the Cape Fear from Wilmington out to sea. Mr. Fox is full of his subject and has the ability and address to impress the subject upon all who hear him. He is doing a magnificent work in the State and it is gratifying to note that his efforts are meeting with appreciation and encouragement. He spoke in Raleigh on Monday night and the News and Observer has this to say in an editorial concerning him:

"Mr. Fox made a clear and forcible presentation last night of the need of river and harbor improvements with particular reference to a thirty-foot channel in the Cape Fear river to Wilmington. This is a matter of deep interest to the whole State. A convention has been called at Wilmington for November fifth preparatory to the big River and Harbor Convention in December. Every town and city in the State should be represented at the Wilmington convention and the State should present a united front to secure the necessary depth at Wilmington to give our chief city the opportunity that it needs for its greatest usefulness. It has grown steadily and greatly, and with this deep channel, and a deepening of the Cape Fear on to Fayetteville a large section of North Carolina would have the water rates. The time was when the railroads were inclined to antagonize the rapid development of water ways. They are wiser now and welcome water transportation because the business of the country has grown so rapidly they cannot keep up with the traffic."

The News and Observer is a newspaper of wide influence in North Carolina and its endorsement of our thirty-foot waterway project will be appreciated by the citizens of Wilmington.

The State convention to be held in Wilmington next Tuesday, the 5th instant, is for the purpose of organizing a State branch of the National Rivers and Harbors Congress with a view to working more systematically and effectively through that organization in securing improvements which the business of this port makes absolutely necessary. The State convention to be organized here will elect delegates to the National Rivers and Harbors Congress, which meets at the New Willard Hotel in Washington, D. C., December 4-6. Governor Glenn has already appointed the following delegates to the National Congress: John H. Small, Claude Kitchin, Chas. R. Thomas, Edward W. Pou, Wm. W. Kitchin, Hannibal L. Godwin, Robert N. Page, Richard N. Hackett, E. Y. Webb and W. T. Crawford. These are North Carolina Congressmen.

The Star is glad to note that Governor Glenn is fully alive to the Wilmington project and will himself attend the State meeting here. This is indicated in the following from the Raleigh correspondence of yestrday's Charlotte Observer:

"On the 5th of November Governor Glenn will be at Wilmington to attend the convention which is to press the matter of waterways and elect delegates to the great convention at Washington. The latter will be the greatest convention of the kind ever held in the world, and it is desired that North Carolina shall be well represented thereat."

The Wilmington meeting is but a few days off and the Cape Fear metropolis will have a warm welcome for all who come from the various parts of the State to attend it, and cooperate in what will prove the biggest thing ever done for North Carolina—the making of a port that will secure for the business centres of the State the most favorable freight rates to which deep water will entitle them.

BARGAIN PRICES FOR SECURITIES.

A good deal of advice is being given by newspapers to bank depositors who are warned against taking their money out of the banks and hoarding it in the traditional stockings or otherwise hide it away in a tin box. Some people might do that a while, but the desire of the average man (with apologies to Col. Bryan) is to make his money make something and it would not be very long before hoarded money would come out of its hole and be looking for some sort of investment. Faith in the American people is a strong characteristic of the Northern as well as the Southern press, and in this time of money trouble one newspaper to assert its confidence that the American people will not long let the financial flurry worry them is the New York Herald. The Herald, in an editorial on the situation in New York, emphasizes this fact and presents an interesting and inviting feature of conditions. Says that paper:

"When the public has completely recovered its senses it will begin to look around for remunerative investments. The American disposition is essential ly a sanguine and enterprising one, and a people of that temperament are incapable of the magpie process of hoarding money in secret hiding places. They would rather lose their capital in virile effort to increase it than to keep it idle and unproductive in an old stocking. It is certain, therefore, that the millions of deposits withdrawn from banking and trust institutions during the last week will very shortly begin to stream into the stock market, where opportunities for safe and profitable investments are remarkably numerous at the present moment.

"A fair idea of the influence exercised in Wall Street by recent events may be formed from the closing quotations of Saturday for gilt edged securities. It would be difficult, for example, to conceive of a more inviting investment, so far as future prospect is concerned, than the best classes of railway stocks. All the leading lines have recorded increases in receipts over those of last year, and the unparalleled activity prevailing in the industrial and commercial world is a guarantee that the revenue earning caapcity of the great transport systems is bound to increase with the enlarged facilities which have become indispensable for handling the traffic. Consequently no falling off in dividends is to be expected.

"And yet such securities have been forced down to prices that a few months ago would have caused investors to snap them up as splendid bargains. In the following table the last quoted prices of a few railway securities are given, with last dividend paid on their par value and the rate of income such dividends represent at present prices of the stocks:

Atchison	75	6	8.0
Atlan. Coast Line	64	6	9.4
Cent. New Jersey	155@160	8	5.1
Chi., Mil. & St. P.	103 3-8	7	8.7

The Herald also publishes in another column a complete list of securities, with prices and income. The few figures given above, however, are sufficient to show that capital invested at present prices may count upon a return varying from five per cent. to nine per cent. The Herald remarks that this is an opportunity which is not likely to escape the attention of investors.

With the tremendous productive resources of the United States no one believes that any period of depression can last long at a time. This country, and the South particularly, is producing so enormously that the railroads have acknowledged time and again that production has gotten ahead of their equipment and ability to handle the traffic. Under normal conditions and careful legislation that will not hamper or imperil railroad interests in an unreasonable manner, there is bound to be a quick revival of any depression that may exist for the present. Let us go on proucing and developing the untouched resources of the South, the leading factor in which is the railroads, and the public will soon realize that there is little ground for apprehension that legitimate railroad securities will be hawked around at cheap prices. Such securities inevitably will prove a good investment, we have no doubt.

CURRENT COMMENT.

—Ex-Congressman Linney, of North Carolina, was probably born in North Carolina.—Charleston News and Courier.

—Bryan is correct when he says that one of the evils of the day is newspapers whose ownership cannot be ascertained; that is, perhaps run under false pretenses by special interests which hide themselves behind dummies set up to fool the public. But the honest press—the majority—is the salvation of the country.—Norfolk Landmark.

—Ex-President Cleveland has written a letter to Charles S. Hamilton of Massachusetts in support of the candidacy of Henry M. Whitney for Governor of that state. Mr. Cleveland points out that his interest is not personal, but is based on principles of national policy. Mr. Whitney stands for tariff revision, which Mr. Cleveland regards as the greatest of all public questions. The election of Whitney in Massachusetts would be equivalent to a direct demand upon the government to take up the tariff question at the next Congress with a view to making a more nearly fair and just scheme of rates.—Savannah News.

—It was not Mr. Roosevelt who attempted to corner United Copper. It was not he who obtained control of a chain of banks, purely for speculative purposes. It was not his name that had long stood as the symbal of all that is suspect and abhorrent to sound and honest bankers. No; it was the Heinzes, the Morses, the Thomases, and their breed, who, by their gambling and piratical use of the machinery of credit, brought on its disorder. Imprudent as the President may have been in his public utterances, he might have talked till doomsday without causing a thousandth part of the trouble which these highwaymen of finance precipitated in a single day.—New York Evening Post.

TWINKLINGS.

—"I see one of our battleships reported fast in the mud." "Well?" "I was just thinking that a ship fast in the mud ought to be a record breaker on the open sea."—Philadelphia Ledger.

—"Can't get your money from him, eh? Why, he must be a regular dead beat." "No, unfortunately he's very much alive. If he were dead I might be able to collect from his estate."—Philadelphia Press.

—"Jokley was telling me he saw you in a restaurant yesterday," said Coakley. "Yes," answered the newrich Kadley, "and I cut him. Did he tell you that?" "No, but he said he was in constant fear that you'd cut yourself."—Philadelphia Press.

—"After all," said Morrell, "the Almighty Dollar is man's greatest enemy. It is responsible—" "If that's true," interrupted old Roxley, "I guess that young wife of mine simply loves me for the enemies I've made."—Philadelphia Press.

—"My goodness," exclaimed Mrs. Kidder, "I don't know anything more surprising than the way our gas bills run up." "Oh! that's not so surprising," replied her husband, "when you consider how many thousand feet they have."—Philadelphia Press.

—"Oh! dear," exclaimed the society woman, "I feel so wretched, and this is may receiving day, too. I do hope no one will call, for I'll be in misery all the time." "Well," remarked her husband, facetiously, "I always understood that misery loves company." — The Catholic Standard and Times.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellet appetite, feels strong and sleeps well." That's the way Electric Bitters affects the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. ANNOUNCEMENT

Many of my customers do not know of the general satisfaction I am giving with house sign painting and decorating. I have not advertised extensively because I wished that branch of work to grow silently based on its own merits. and it has done so.

Beginnig some eight years ago in your city I have quietly gone on until I believe that no shop in the south does work as completely.

Care for details, nicety of color perception, love of the business, regard for your interest. These are points that have given me an unique place in the painting and decorating business, and am at your service when you want this class of work done.

I am not connected with W. G. Hatch & Co., and when in want of anything in my line see me personally or call 'phones 808 or 136.

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as thefollowing are constantly being received by Mrs. Pinkham to prove our claims.

Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 25th Street, New York, writes:

Dear Mrs. Pinkham:—

"When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.

Join the Ludden & Bates Piano Club and fill that vacant spot in your home that *ought* to be occupied by a piano. In no other way can you secure so much pleasure for so little cost.

Our club plan of selling one hundred pianos at a time instead of one, saves all the ordinary expense of Piano selling—saves *you* $113 in cash,—gives you a splendid $400 piano for $287, and allows you the use of it while paying for it in little monthly sums.

The Ludden & Bates New Scale PIANO

is an instrument that you will be proud of. It is a full cabinet grand, made perfect by the finest material and workmanship, and guaranteed by us for a life-time. Has that peculiar, rich, "singing" quality of tone found only in the highest grade of pianos.

In case of the death of the head of the family, the club contract is cancelled, and the piano belongs to the member absolutely, without payment of another cent.

Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.

COTTON COUNTY OF CAROLINA

Scotland Last Year Produced 18,597 Bales and This Year Expects to Go 20,000 Or Over—Beats Texas.

(Charlotte Chronicle.)

Scotland county was formed of the richest portions of Robeson and Richmond counties. On the map, it looks like a mere township between these two counties. It is one of the smallest counties in the State, yet last year it produced 18,597 bales of cotton. This year it will go 20,000 bales, or over. It is a matter of record that Scotland produces more cotton per acre than any other land in the State. Its soil is similar to that of Marlborough county, S. C., and it grows cotton to beat Texas. Viewing the fields from the car windows one has no idea of what is to be seen in the interior. This writer yesterday took a drive of twenty-five miles over its level, sandy roads and it is not very much of an exaggeration, though it is a small one, to say that the whiteness of the cotton fields affected the eyes like the glare of snow—only cotton has no glare. There are no fences in this new and vigorous young county, and the roads wind through fields of cotton the plants of which are so high and so heavily loaded with the staple that one can reach from the buggy and pluck it by the handful. The fields are as level as a floor and in some instances stretch away further than the eye can follow. The staple is slightly longer than the cotton of the upper tier of counties. Nearly all the fields have been picked once, as the shiny brown interior of the empty bolls show, but the fields are as white as if they had never been picked.

The scarcity of labor and the need of selected, thrifty immigration is here demonstrated more clearly than anywhere else in the State. In only a few fields were pickers at work. In no field was as many as a dozen hands seen. A negro man, his wife and three or four children was usually the maximum. If the cotton crop all over the South was in proportion to the cotton crop of Scotland county, a fifteen-million bale crop would not be considered anything to brag on. A trip through the Scotland cotton fields is something to remember.

GREENE AND GAYNOR LOSE.

Their Appeal for New Trial Denied by Federal Court.

Montgomery, Ala., Oct. 28.—B. D. Greene and John F. Gaynor, contractors, who were convicted of defrauding the Government out of a large sum of money, today were denied a rehearing by the United States Circuit Court of Appeals. Unless the defence procures a writ of certiorari from the United States Supreme Court the defendants will have to spend four years in the penitentiary besides paying a havy fine.

Greene and Gaynor were convicted of frauds in connection with harbor improvements at Savannah, Ga. They are now confined at Macon, Ga.

Cudahy Thinks Prices of All Commodities Will Fall.

Omaha, Neb., Oct. 28.—Omaha packing houses today reduced the prices of all kinds of meat 10 per cent., and expect a still further reduction.

Edward A. Cudahy, of the Cudahy Packing Company, expressed the belief that the prices of all commodities would be materially reduced and that the present financial flurry would result in a general reduction in values.

COMING OF "PEACEFUL VALLEY."

Times-Dispatch Highly Praises Sol Smith Russell's Masterpiece.

The Richmond Times-Dispatch has the following to say of the attraction at the Academy Friday and Saturday nights and Saturday matinee:

"Edward Saxon, who appeared as Hosea Home, in 'Peaceful Valley,' at the Academy Thursday night, gave to his characterization much of the dry humor and quaintness which Sol. Smith Russell imparted to his portrayal of this awkward philosopher of the White Mountains. In appearance Mr. Saxon could not be better suited to any part than he is to this lanky son of sturdy New England.

"Nature fitted Mr. Saxon for the role and he could hardly help playing it well. Every line that he spoke fulfilled the mission of the playwright, for it reached home.

"Miss Mary Davis, an actress of the olden time, played admirably the role of Phyllis Howe, Hosea's mother. She was a member of the Powell Stock Company, in this city, in 1874, and twenty years ago played an engagement here with J. B. Polk in "Mixed Pickles."

RIVERMEN COMPLAIN OF WATER

All Eastern Carolina Streams are Practically Dried Up.

Rivermen and steamboat men continue to complain of the lack of navigable water above tidewater in all streams of Eastern North Carolina. Business dependent upon the stage of the water is practically at a standstill on the wharf and timber and raft operators are praying for rain quite as much as are city folks who do not recall a dryer or dustier period here. The river boats for the most part have been on a mud bank near Fayetteville for the past three or four weeks and the little rain that has fallen has apparently had no effect on the water in the navigable streams. The steamer Duplin was in yesterday, but could go no further than Bannerman's Bridge and will remain in port until conditions are improved. The steamer Lyon, which was fortunate in not being caught by the drought above tidewater, was here yesterday from Tar Heel, but will not return for a day or two.

WEATHER CONTINUES COOL.

Warmer Promised for Today—Light Frosts Have Occurred.

The weather continued quite cool yesterday and in spite of the fact that warmer temperatures are promised for today, the prediction was for frost this morning. Yesterday morning there was a light frost at Wilmington, Florence, Goldsboro, Lumberton and Newbern, with a heavy frost at Charlotte and Cheraw, S. C. The Charleston, Savannah, Atlanta and Augusta districts also reported light to killing frosts. It was generally fair in the cotton belt, with very little rainfall. There was no frost in Texas, but generally in the other cotton growing States there were reports according to the Weather Bureau. These included in addition to those named above, Mobile, Montgomery, New Orleans and Memphis. The maximum temperature at Wilmington for the 24 hours ended at 8 o'clock yesterday morning was 58 degrees and the minimum 38 degrees.

—Robert McIntyre, colored, was arrested at Front Street market yesterday shortly before noon by Officer G. R. Holt, charged with the larceny of a number of chickens from a dealer there. He will be given trial before the Mayor at noon today. The chickens were restored to the owner.

—In Justice Furlong's court yesterday Mr. Jacob Bornemann, the grocer, Eighth and Wooster streets, was bound to the higher court for an assault on Willie Dempsey, a son of Mr. and Mrs. F. J. Dempsey, who live in the same neighborhood. Mr. H. L. Vollers became surety for him in the sum of $50. A case against young Dempsey for assault on Mr. Bornemann was dismissed.

WATCHED A STEEPLE JACK

Man at Work on Spire Attracted Much Attention Yesterday.

All eyes for blocks around at one time or another yesterday were centered upon a steeple jack at work on the spire of the First Baptist Church building at Fifth and Market streets, possibly the tallest of its kind in the city. Mr. J. E. Hatch recently took the contract for painting the steeple and yesterday one of his men ascended to the dizzy heights required to complete the more difficult portion of the job. The man worked along from one side of the steeple to the other and although he was not at the very top at any time during the day, he was sufficiently high above terra firma to make his position decidely interesting for those who watched him from the street level. He was apparently oblivious of the attention he was attracting but crowds gathered on Princess street, near Second, and on Market street at points of vantage, to watch the painter plying his brush to the slate roof which covers the tower until the very spire is reached. This spire will not require painting for the present as it is of copper, but Mr. Hatch has men who will go to the top if it is required and this may be required later.

The interesting question asked among those who watched yesterday was how the workmen got the rope attached to the higher position from that at which he worked, this rope supporting the platform upon which he sat and being caught very nearly at the top. Some said he threw it over a corner higher than himself and made his support that way; others said that it was shot up over the steeple out of some kind of a projectile. Mr. Hatch was asked about the attachment of the rope and said that it was a very easy matter to fasten this. The workmen simply went up inside the steeple, cut a hole through the slate roof, dropped the rope through, fastened it on the inside and that was all. The steeple may be climbed on scaffolding inside to the top. At any rate the painter at his dizzy height was a very interesting personage to many yesterday.

THE GOVERNOR TO SPEAK.

Interesting Exercises Next Week at Union School Building.

Governor Glenn, of North Carolina, will be here next week for the twofold purpose of attending the waterway convention and of speaking upon the occasion of very interesting exercises which the two councils of Junior Order of United American Mechanics in this city have arranged to be held at Union School on Tuesday afternoon. The Juniors some time ago presented to this school a very handsome bible and flag according to the beautiful custom of their order and the school is now preparing to erect a flagpole in front of the building from which to display the flag. The school has asked Jeff Davis and George Washington councils, Jr. O. U. A. M., to take charge of the exercises of this occasion and committees from the two councils have secured the acceptance of Governor Glenn to be present and make an address on this occasion. The occasion will be a most interesting one, not only for the Juniors, and students and teachers at the school, but for the general public as well. A programme of the exercises on this occasion will be announced a little later.

George Davis Chapter, Children of the Confederacy, are arranging to present a pleasing little entertainment for a worthy cause at the W. L. I. armory Thursday afternoon and evening. It will be called the "Sign of the Black Cat," and as the title suggests, the entertainment will be both novel and pleasing.

SAD FUNERAL YESTERDAY.

Remains of Young Lawrence Rowan Laid Tenderly to Rest.

A large number of friends of the deceased lad and friends of the family gathered at 10 o'clock yesterday morning at the Church of the Good Shepherd, Sixth and Queen streets, to attend the funeral services over the remains of young Lawrence Rowan, whose almost tragic death occurred in the hospital Monday morning. The services were by Rev. Thos. P. Noe, rector of the parish, and were very impressive indeed. A number of very beautiful floral tributes were laid on the casket and the funeral hymns were sweetly rendered by the church choir. The grief-stricken parents received many expressions of tenderest sympathy and the young friends of the lad so ruthlessly cut down when all was so bright in life for him joined in the mournful tribute to his memory.

The remains of the young man were tenderly borne from the church to Bellevue cemetery, where they were laid to rest beneath a mound of beautiful flowers. The pall-bearers were: Honorary, Dr. Morris M. Caldwell and Mr. James M. Hall; active, Messrs. T. S. Young, L. R. Welch, J. J. Batson, W. F. Coleman, A. C. Edwards and A. P. Russ, all friends and associates of the young man in life.

SLOP CART WRECKED

Colored Man and Two Children Thrown Out—City Cart Also.

George Redd, an old colored man who some time ago lost both legs and has since driven a slop cart as a means of earning a livelihood, was thrown and quite severely injured at Front and Queen streets yesterday as the result of his cart having been struck by a southbound street car on the South Wilmington line. Two children of his in the cart were also thrown out and injured to some extent. Parties in that section of the city are complaining of the speed at which cars are operated on that line and say that it is almost of daily occurrence that some vehicle is struck. A city cart is reported to have been struck by a car on the same line yesterday morning and smashed up to some extent. The attention of the company will be called to this reported violation of the city ordinances in the operation of cars out there.

The Police Court.

A heavy docket greeted the Mayor in the police court yesterday. Eugene Bryant, David Davis, Charlie Rone and Tom Walker, the negroes charged with implication in the larceny of freights from the A. C. L. warehouses in this city, were discharged the railroad company being unwilling to prosecute with the evidence in hand. Bryant, however, was immediately arrested by Jailer E. S. Capps, on a capias from the Superior Court where he will be tried on another count of larceny. Ben Richardson, charged with the larceny of a watch and disorderly conduct, was sentenced to the roads for thirty days for the last named offence, but an appeal was taken by Herbert McClammy, Esq., his counsel. He was also held under bond on the charge of larceny. John Bell, colored, charged with resisting Officer Leon George, was bound to the higher court and was given 30 days on the roads for disorderly conduct.

TO SING WEDDING CHORUS.

Marriage of Miss Ethel Clarice Holden to Mr. Marion E. Graham.

A feature of the wedding ceremony of Miss Ethel Clarice Holden, daughter of Mr. and Mrs. Alex S. Holden, to Mr. Marion Emmett Graham at five o'clock this afternoon at the First Baptist Church, will be the singing of the beautiful wedding chorus from the Rose Maiden. A large number of invitations to the wedding have been mailed and a large attendance at the church is expected. The singers who will render the wedding chorus this afternoon are among the favorite vocalists of the city, as follows: Mrs. Cameron F. MacRae and Mrs. C. E. Taylor, sopranos; Mrs. F. A. Muse, and Mrs. Greene Fenley, altos; Mr. Greene Fenley and Mr. Joseph Fenley, tenors; Mr. W. B. Muse and Mr. W. G. W. Krafft, bassos. Mr. A. H. Yopp will be the accompanist.

Mrs. Catherine N. Pittman Dead.

Friends will regret to hear of the death of Mrs. Catherine N. Pittman, wife of Mr. R. L. Pittman and daughter of Mr. E. W. Stokley, which occurred at 4:15 o'clock yesterday morning at the family home in this city, No. 613 South Fifth street. Mrs. Pittman was in the 27th year of her age and had been sick some time, so that while her death came as no surprise to those who watched tenderly at her bedside, it was a shock to them and her friends. She is survived by her husband, father, three brothers and two sisters, all of Myrtle Grove Sound. The funeral will be conducted at 10 o'clock this morning and the interment will be in the family burying ground on the Sound.

NO WOMEN SUFFRAGE WANTED.

Universalist Church Places Itself on Record.

(By Wire to the Morning Star.)

Philadelphia, Oct. 29.—The biennial convention of the Universalist Church in business session here today placed itself on record as against the enfranchisement of women and declared for a uniform divorce law. It also declared for reformatory punishment of prisoners instead of capital punishment. The question of woman suffrage was brought up by Rev. Henrietta Moore, of Ohio, who offered a resolution in which it was set forth that the Universalist Church recognized no difference in sex in faith. The convention was asked to stand for woman's enfranchisement and the resolution was voted down after a warm discussion by a vote of 78 to 68.

CELEBRATE FOUNDER'S DAY.

Former Pupils of St. Mary's Invited to Attend Meeting Friday.

All former pupils of St. Mary's School are requested to meet at St. James' Church immediately after the 11 o'clock service of All Saints on the morning of November 1st, for the purpose of attending short exercises in honor of Founder's Day. All others interested in St. Mary's are also cordially invited. The ladies in charge hope to have a very large attendance.

WARM WIRELETS.

Rumors that the Pennsylvania Railroad Company would lay off 20,000 and 30,000 men were denied by high officials of the company at Philadelphia yesterday.

W. J. Payne, the Richmond financier who was said to have been robbed of a hand bag containing $14,000 in stocks and bonds while on a Pullman between Washington and Wilmington, Del., on Monday, denies the story. He admits that his bag was misplaced but says he found it almost immediately.

A committee was organized at Madison, Wis., yesterday to promote the candidacy of Senator Robert M. LaFollette for the Republican nomination for President. The conference at which the committee was appointed was attended by thirty Republican leaders of the State.

No trace has yet been found of Mdlle Barbara Laponkhin, daughter of ex-Governor Laponkhin, of Reval, Russia, who mysteriously disappeared in London after leaving the Aldwych theatre, October 24. The belief is growing that the young lady was not kidnapped, but ran away from personal motives.

The Vatican organ, Rome, yesterday announced that the Rev. Father Tyrell, the noted English Jesuit whose books on religious subjects were condemned by the holy office, and who severely criticised the Pope's encyclical on modernism, has been deprived of the right to administer sacraments, pending the final action of the Pontiff in the matter.

Referee Tim Hurst last night at the Eureka Athletic Club, Baltimore, gave matty Baldwin, of Boston, the decision over Kid Sullivan, of Washington, at the close of a 15-round bout during the course of which Sullivan more than once had Baldwin in bad shape but failed to follow up his advantage. Baldwin showed himself the better boxer, but his blows lacked force.

At Chattanooga, yesterday Thomas H. McMahon, ex-alderman, was acquitted of the charge of accepting a bribe of $250 from S. W. Divine some six years ago. The verdict was ordered by Judge McReynolds without the jury's retiring. The court held that the giver of a bribe is an accomplice and therefore there could be no conviction on his unsupported testimony.

Governor Stuart, of Pennsylvania issued a requisition yesterday upon Governor Glenn, of North Carolina, for the extradition of Richard McKwayne, negro who is wanted at York, Pa., for the alleged murder of Warren Peterson, negro at Spring Grove, York county, two weeks ago. McKwayne was traced by members of the Harrisburg police force to Charlotte, where he was arrested and held by the local authorities awaiting extradition.

SHIP ARTHUR SEWALL LOST

Has Not Been Heard From in 218 Days—40 Aboard.

(By Wire to The Morning Star.)

New York, Oct. 29.—Members of the Maritime Exchange today felt some concern over the absence of news from the full rigged ship Arthur Sewall, which sailed from Philadelphia April 3rd for Seattle with a crew of forty men under command of Captain Jeffrey. In ordinary weather the ship would have reached Seattle in four months but is now 218 days out.

A letter was received at the Maritime Exchange office today dated Punta Arenas, Straits of Magellan, August 31, station that the steamer Fridtjof, which arrived August 23 from a sealing cruise, reported having seen an unknown four masted sailing vessel standing in deep water on the southeast corner of Noir Island, half way between Cape Pilar and Cape Horn, with masts above water and royals set. There were tracks that the crew had landed, but nothing was seen of them. That the vessel had not been there long was evident.

Th Arthur Sewall, of 2,919 tons, is owned by the Arthur Sewall Company, of Maine. She carried a cargo of coal intended for use of the navy on the Pacific coast.

Several American sailing vessels which left port about the same time as the Arthur Sewall encountered stormy weather.

YOUNG ROBBER STOLE $200.

Railroad Agent at Bonsal, N. C., Shot Him and Recovered It.

(By Wire to the Morning Star.)

Raleigh, N. C., Oct. 29.—Menry Sellars, of Baltimore, seventeen years old, was brought here tonight with a dangerous wound in his hip and was lodged in jail. This afternoon during the absence of the agent from the station at Bonsal on the Seaboard Air Line, Sellars went through a window and secured $200. The agent returned in time to see him come out the window and run. The agent fired at him and brought him down at the first shot. The money was recovered.

TELEGRAPHERS' STRIKE IS OFF.

New York Union Refuses to Recognize President Small.

(By Wire to The Morning Star.)

New York, Oct. 29.—S. J. Small, recently deposed as president of the Commercial Telegraphers' Union, who arrived in New York from the West today and was refused permission to address the local branch of the union at a meeting in the afternoon, tonight sent out a statement to the public "calling off" the telegraphers' strike.

SUNK OFF CAPE LOOKOUT

Schooner William L. Walker Went Down in Gale.

(By Wire to the Morning Star.)

Savannah, Ga., Oct. 29.—The steamship Chatham of the Merchants and Miners' Transportation Company, from Baltimore, arrived today with the crew of the schooner William L. Walker, bound from Baltimore to Mayport, Fla., which sank Monday during a gale near Cape Lookout. All of the crew were saved.

—Kenansville News: When we note the many changes that have come over Kenansville during the past year we are convinced at once that she was roused up from her lethargy and is now filled with new life. Kenansville once dull, quiet and inactive is now an interesting, lively and hustling town. Twelve months ago you could not hear the sound of saw and hammer, while today their music fills the morning breeze with vigor and animation. During this time the Grove Academy Stock Company was organized and the brick plant installed here. The clay here has proven to be the best in this section of the State and as proof of their excellent quality a large quantity of them have been sold in Warsaw to be hauled over in wagons at a cost of about seven dollars per thousand. The people in this section have been enabled by the installation of this brick plant to secure building material of the best quality at a very reasonable price. Along with the brick plant has come the saw mill and our people have been furnished with first class lumber at a very reasonable rate.

—Must honest business forever be at the mercy of a handful of financial bandits who ought to be in jail, and some of whom undoubtedly would be in jail if public officials charged with the enforcement of the law really enforced it? Must the whole financial and industrial structure be left forever as a plaything for the Harrimans, Ryans, Heinzes, Morses and their like? Must the United States Treasury, the New York Clearing House and Mr. Morgan be prepared to adopt emergency measures for the restoration of public confidence whenever the railroad swindles of a Harriman have alarmed the country, or a Ryan has been caught looting a traction system, or creatures like Heinze and Morse are found to have been using the money of their depositors to finance their own gambling adventures? Honest business has been called upon in the last three days to pay an appalling penalty for the offenses of such men as these.—New York World.

WHEAT HELPS BREAK PANIC

Europe Bought 600,000 Bushels in Chicago Yesterday.

(By Wire to the Morning Star).

Chicago, Oct.29.—The break in price of wheat today brought large European orders for immediate shipments. Six hundred thousand bushels of red Winter wheat were sold here today for shipment east. Chicago bankers regard this movement as significant of the powerful aid which the West is bringing to the financial situation. They say that if the movement of the great staple continues to grow the obligations to this country created abroad will be so large that it will be impossible for European banks to retain their gold, even by fixing discount rates at the maximum.

SELECTED HIS OWN GRAVE.

Dead Shot Bill Found the Marshal Was Not to Be Bluffed.

When Dead Shot Bill rode into Hays City one day in the early seventies with his hat pulled down over his eyes and a hard look around his mouth those who knew him said that he had come for blood. He had not, however. He had come to have an understanding with Dave Mills, who had lately been appointed city marshal. Bill sat on his horse in front of the Star saloon until Dave came along, and when they had saluted each other and shaken hands he said, "Dave, what about this city marshal business?" "I'm goin' to keep order," was the reply. "No more shootin' up the town?" "No more, Bill." "You'll stop it?" "I will."

"Say, Dave, you can't do it. You are a good man, but you jess can't do it. I'm comin' in tomorrow to capture the town." "Don't try it on, Bill." "But I shall, Dave." "Hev you got a few minits to spare?" asked Dave as he gave a hitch to his gun. "A hul hour. What's wanted?" "Come over to the graveyard, Bill, and select your last restin' place. It's fillin' up purty fast, but thar ar' a few choice spots left." They went over the creek to Boot hill, the three acre spot set aside for the dead, and as Bill got off his horse Dave waved his hand and said, "Take your pick and I'll put a Chinyman at work diggin' the grave."

Bill walked over the ground and finally selected a sunny spot on the south side of a knoll and said it would do. The city marshal called to a Chinaman who was passing and ordered him to get a shovel and dig a hole, and then he turned to Bill with, "Waal, at what time tomorrer kin I expect you?" "About noon, Dave." "Sure to come?" "Dead sure. I never disappoint an audience, you know." "I'll be ready. Goodby, Bill." "So long, Dave." At 11:55 o'clock next day Dead Shot Bill came into Hays City with a whoop and a yell, his broncho on a dead run and a gun in either hand. At 12:05 he was lying dead in front of the Wild West saloon, and at 12:45 the inquest had been concluded and he was occupying the grave he had selected. The city marshal had downed him, and the verdict of the jury was, "We are kinder sorry for the deceased, but it was all right and according to Hoyle."—Denver Field and Farm.

AN IRISH SUPERSTITION.

Fishermen Don't Like to Meet Women When Starting For Work.

Superstitions as to its being most unlucky to meet a woman when setting out to fish or upon any journey by sea are not uncommon. From a headland on the Donegal coast the writer was one day anxiously watching a small smack beating across the bay against a heavy sea and stiff breeze which had suddenly sprung up. After a long and hard fight for it the little craft made the pier in safety, and upon condolences being offered the skipper on his recent hardships he said: "Sure, what better luck could I have? Didn't I meet a redheaded woman in Sligo this morning the moment I left my lodging to walk down to the boat!" In this case the color of the woman's hair and the fact of her being the first person met with after the man left his house seemed to be the determining factors in the day's luck. But in other places the objection to such an encounter embraces hair of all shades and any hour of the day, it being amply sufficient to bring the ill luck that any woman should pass you by just as you are walking down to the boat. Only a few weeks ago the writer visited a small fishing village on the Galway coast and just before getting on his car to return home was chatting to the landlady of the little inn. A strapping young fisherman who was walking down the road toward the harbor suddenly stopped, climbed over the fence and made his way to his boat across the fields. The writer observed to his hostess that the young fellow must have mistaken him for a process server with a writ for him. She laughed rather derisively and said: "It's not you at all, sir, he's afraid of, but me. He's just going fishing and would not pass me by if you gave him the fill of his hat of gold."—London Chronicle.

What's the Use
of paying more for an article through prejudice, than you can buy for less, that's just as good?
Take Whiskey, for Instance.
We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.
Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.
"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.
"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

SPIRITS TURPENTINE

—Judge Thomas R. Purnell, of the Federal Court, has appointed Mr. Arthur Mayo, clerk of the United States District Circuit Court at Washington, N. C.

—Winston-Salem, Oct. 28.—Parties arriving here tonight from the mountain counties report that the Blue Ridge is covered with snow, and that the weather in that section is remarkably cold, breaking the record for October in many years.

—Tarboro, N. C., Oct. 28.—Jas. Anderson, son of Dr. J. M. Anderson, who lives twelve miles north of Tarboro, while attending his father's ginnery, was caught in the belt and killed. He lived a few minutes after the accident. His body was badly crushed.

—Milton, N. C., Oct. 28.—News was received here yesterday of the death in Calcutta,, India, of Mr. Jack Richmond, son of the late N. M. Richmond, of this place. He was in the employ of the British-American Tobacco Co., and his wife was Miss Annie Hinton, of Raleigh, N. C. His remains will be brought here for interment.

—Lumberton Robesonian: It is reported that the Seaboard Air Line road is going to put in an accommodation station at East Lumberton in the near future. This will be a great convenience to the several hundred people of East Lumberton, who, under present arrangements, have to walk to Lumberton, a distance of over a mile, to board the trains.

—Kenansville News: Our progress while slow has a sound basis. When one sees the amount of tobacco passing through our town en route to market, or as he travels through the different townships and finds prosperity everywhere, the proof is at once convincing that we are capable of sustaining many great improvements, which we have not yet installed.

—Wilson, Oct. 28.—At Middlesex, a station on the Raleigh and Pamlico Sound Railroad, Burt Strickland, a white man of unsound mind, was shot and killed by Buddie Hayes. Parties had been in the habit of frightening the family of Mr. John Allison Finch. Young Hayes saw the unfortunate man lurking around Mr. Finch's house. He called on him to give an account of himself. This the deceased failed to do, when young Hayes fired.

—Raleigh, N. C., Oct. 28.—An important change takes place as regards the North Carolina Farmers' Alliance November 1st. On that date George F. Parrott, of Lenoir county, will become the State business agent and also the secretary-treasurer, to succeed T. B. Parker, who goes with the State Department of Agriculture and who will be in charge of what is known as demonstration work. This will mean field work, particularly in the way of helps to farmers in the ways of putting on imporved methods and plans in their farming operatings. Mr. Parker has a very wide acquaintance in the State and has been of great service to the Agricultural Department for several years past in conducting farmers' institutes.

—Charlotte Observer Oct 29—Owing to the stringency in the money market and a desire to operate as economically and conservatively as possible, the Southern Power Company yesterday dropped about 400 men from its payroll. The majority of these were working on the big development at Rocky Creek, near Great Falls, while the rest were engaged in construction work elsewhere. "We want to reef our sails a little," remarked an official of the company to an Observer man last night when speaking of the curtailment, "for you know that we must keep our ears to the ground and our eyes aloft at all time." It is possible that others may be dropped either the last of this week or the first of next. When everything blows over, however, they will be taken up again or others secured to fill their places. The work is only delayed for a time.

—Lumberton Robesonian: This is about the monster. If you don't want to read any more about the monster, skip this. Mr. I. A. Smith, who lives about six miles from Lumberton, tells about this. Of course it happened near Cypress pond; that's where the monster hangs out all the time—excusing the white folks are hunting for him; then he isn't there. Last week or the week before—it don't matter—somebody saw the monster. Getting bolder, you see; he had only been heard before. He had long hair about his neck and looked like a wild man. But when some stout hearts went to arrest him he wasn't there. They found his hair and his coat, but no wild man. Mr. J. L. Smith heard a strange noise near his house. Somebody suggested to Mr. Smith that he get his gun and go after the strange noise artist, but Mr. Smith said not so; he could not see in the dark and the blooming gun might fail, anyway, so he would stay in the house and if the monster or wild man or any other creature came with evil intent he'd use his axe—he could use that more than once, and he'd stay right inside and protect his wife and his home with his trusty axe.

Hard Times In Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Early Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by R. R. Bellamy's drug store 50c and $1.00. Trial bottle free.

For Female Ills

Strange Symptoms

Those symptoms, that you do not understand, are very likely due, if you are a woman, to womanly disease. Frequently female disorder is so **insidious**, that no local pain is experienced, but just a feeling of **misery**, all-over, and a general nervous, irritable, **depression**, that has driven many a sufferer to the brink of desperation.

In such cases, Wine of Cardui can be depended on to **bring relief** and renewed interest in life. Being a strengthening, building, female tonic, it renews the vital forces, invigorates the womanly organs and puts strength where women most need it.

MRS. M. WILSON, Saco, Mo.

"I do not know, "writes Mrs. Martha Wilson, "that I can command words, to tell you how grateful I am to **Cardui**, for giving me back my health again.

"I was troubled with prolapse for 3 or 4 years; unable, a great deal of the time, to do my work.

"After taking **one bottle** of Cardui, I was able to do my work." Sold everywhere.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 29.—The banks asserted their influence determinedly, and, in the estimation of holders of securities on margin, ruthlessly, today for the retrentchment of borrowing on stocks. The anouncement of the dissolution of the bankers' pool yesterday, which had provided funds last week to save the stock market from demoralization, was accompanied by broad intimations that the pool had not been intended to bolster speculation or to attempt anything like a revival of strength in stocks by the use of borrowed money. Advice has been conveyed to stock brokers in terms not to be misunderstood that the banks would frown upon any marginal operations in stocks. Brokers, as a rule, have refused to accept orders for such transactions. The market is thus reduced to exceedingly narrow dimension operations being restricted practically to buying of securities outright for cash. Buying of this kind is relied upon as an important aid to the unlocking of cash resources which have gone into hoarding. The appearance of some supplies of money at the Stock Exchange late in the day induced some rallies, but the day's note declines are severe.

Bonds were weak. Total sales, par value, $3,346,000. United States bonds were unchanged on call. Total sales of stocks today, 621,600 sahres.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Oct. 29.—The cotton market was very irregular today. After making new low records at the opening, prices rallied on covering and the close was steady at a net advance 8 to a net decline of 4 points. Sales were estimated at 300,000 bales.

The opening was easy at a decline of 7 to 20 points, December selling at 9.95, and January to 9.73, under liquidation and bear pressure, which was promoted by weak cables and continued reports of an easier tendency among spot holders in the interior. There was covering at the decline with 3 or 4 leading brokers very active buyers, but there was also a good deal of selling, part of which was believed to be for Southern account through local wire houses, and these offerings tended to check improvements. The close was at nearly the best point of the day, and the highest prices noted were in the last few minutes. The continent was a buyer of late months during the session. It was estimated that some of the leading shorts had covered between 100,000 and 150,000 bales during the day. Sentiment as to conditions in local financial circles was somewhat better and it was reported that there was a better demand for foreign exchange which would promise relief in Southern banking circles, but advices from New Orleans were not encouraging and while the temperatures were low in the South the season is so far advancd that there is little apprehension of frost.

Receipts at the ports today, 76,335 bales, against 69,134 last week, and 119,089 last year. For the week, 350,000 bales, against 321,615 last week, For the week, 350,000 bales, against and 480,794 last year. Today's receipts at New Orleans, 14,623 bales, against 18,299 last year and at Houston 15,747 bales, against 39,829 last year.

Spot cotton closed steady; middling uplands, 10.80; middling Gulf, 11.05; no sales.

CHICAGO PRODUCE MARKET

(By Wire to the Morning Star.)

Chicago, Oct. 29.—A fresh slump in stocks brought about heavy selling of grain in the local market today and resulted in severe declines. Wheat sold off from 4 1-8 to 4 1-4 from the high point of the day and for the December option closed at a net loss of 1 3-8. Corn declined 2 1-4 to 2 5-8 to 3-4 and closed 1 1-8 to 1 1-4 lower. Oats broke 3 3-4 to 4 1-4 and closed 3 3-4 lower. Provisions were 5 to 7 1-2 to 17 1-2 to 20c lower.

Leading futures closed as follows:

DRY GOODS MARKET.

(By Wire to The Morning Star.)

New York, Oct. 29.—The dry goods market was steadier and quieter for the day. Some large purchases are being made from second hands of goods for immediate use by printers and others. The export trade is quiet but lower prices are leading to the hope of better business very soon. Linings are very quiet with jobbers and first hands and buyers holding off in anticipation of lower prices. Cotton yarns are demoralized and the prices quoted by dealers are far below those mills are willing to consider.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by R. R. Bellamy, druggist. 25c.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

CABINET VIEWS MONEY SITUATION

Secretary Cortelyon Confident That Condition Throughout Country is Improving.

$50,000,000 TREASURY AID

Danville Banks to Issue Clearing House Certificates to Aid Tobacco Market—Galveston Financiers Will Help Hold Cotton.

(By Wire to The Morning Star.)

Washington, Oct 29.—President Roosevelt was in conference with all the members of his cabinet, except Secretary Taft for more than two hours today. The financial situation was under consideration.

Secretary Cortelyou shares the view that the general money situation throughout the country, and especially in New York, is steadily improving. Although he is averse to making any public statement on the subject, it is known that he regards the situation with far greater equanimity than at any time during the last ten days. During the last seven days he has deposited in the national banks a sum approsimating $50,000,000 and since early in September when the Secretary began his weekly distributions nearly $70,000,000 have been deposited, which brings the amount of public funds now in the National banks up to over $215,000,000, of which about $12,500,000 has been deposited to the credit of government disbursing officers.

During President Cleveland's first term very large amounts of public fundswere deposited in the national banks for the declared purpose of relieving the treasury of a burdensome surplus, but never before in the history of the country have such large sums been placed with depositary banks to avert threatened trouble in times of unusual disturbance in the financial centers.

Secretary Cortelyou remained with the President for some time after the conclusion of the meeting.

Danville and Reidsville Banks.

Danville, Va., Oct. 29.—Owing to the refusal of New York banks to pay out currency, thereby making it impossible to withdraw their funds from the metropolitan financial institutions, the seven banks of Danville adopted the plan today to pay all checks in excess of $25 drawn on any single account during a day in clearing house certificates of the associated banks of Danville.

These certificates will be guaranteed jointly and will bear 4 per cent. interest. This step was made necessary on account of the heavy sales of tobacco during the past several days and other business affairs of the city requiring ready currency. Reports have been received here that similar steps have been taken by the banks of Reidsville, N. C., South Boston, Va., and nearby towns.

To Hold Cotton for Higher Prices.

Galveston, Texas, Oct. 29.—Arrangements were made today whereby the banking institutions of Galveston agree to advance money on all cotton stored in warehouses in the city and the situation from the planters' view point is relieved for the present at least. Several days ago it was announced that the Farmers' Union Warehouse Company could no longer advance money on cotton held for higher prices and it was believed that many of the cotton raisers of this State would be forced to sell their cotton.

It is estimated that about one million bales are being held in Texas or practically one third of the Texas crop. ince the opening of the shipping season crop September 1, vessels have been detained here several days waiting for cotton cargoes and many are now in port waiting for cotton. Receipts at this port average 9,000 daily as compared with 12,000 and 13,000 a year ago.

FROM PORTLAND TO CHICAGO.

Man 69 Years Old to Walk It in 26 Days.

(By Wire to The Morning Star.)

Portland, Me., Oct. 29.—Planning to repeat his feat of 40 years ago, of walking to Chicago, ad istance of 1,230 miles, in 26 days, Edward Payson Weston started at 5 o'clock tonight from the Portland postoffice amid cheers and good wishes of one thousand people who had gathered to see him start. He is 69 years of age. Mr. Weston was greeted by a number of friends, including former Mayor James P. Baxter, who watched his departure 40 years ago, and was accompanied to the South Portland city line by Joseph C. Sterling, who, as a police officer, escorted him over the same route on the first walk. Mayor Clifford witnessed his departure and administered an oath that the conditions of the feat should be complied with.

Mr. Weston expects to arrive at Chicago postoffice at 2 P. M., Thursday, November 28, averaging 50 miles a day. He will go by way of Boston, Troy, Utica, Syracuse, Buffalo, Toledo, and Cleveland. There was an arrangement for Henry Schmehl, of Chicago, to start at the same time for Portland.

LeRoy Brown, a prisoner in jail at Enterprise, Fla., was burned to death at an early hour yesterday when the jail building was destroyed by fire. Aerie Goins, another prisoner set the building on fire in order to escape. Brown was locked in a cell in a separate part of the jail and could not be reached in time to be rescued. A sheriff's possee is after Goins who made good his escape.

WILL BRING EUROPEAN GOLD

How Southern Business With Europe Will Help to Relieve Money Stringency—Fifty Vessels at New Orleans for Cargoes.

(By Wire to the Morning Star.)

New Orleans, Oct. 29.—That the South is financially safe and in position to benefit greatly the other portions of the United States was the opinion expressed today by New Orleans bankers and business men. The immense exports of cotton and also sugar and rice are relied on shortly to bring in gold from abroad. An index of the South's prosperity was the amount of shipping at this port today. There were fifty sea-going vessels in the harbor and in addition scores of river craft piled high with sugar, molasses, cotton and rice. The harbor activity was all the more significant because it followed on the heels of a month's strike of 10,000 levee men. Within the last twenty-four hours alone 20 seagoing vessels have arrived. Partly as a guarantee for the unhampered movement of the crop staples speculative activity involving any unnecessary risks in other lines of business was today suspended in New Orleans, both local Stock Exchanges closing until Monday. The Cotton Exchange continued open.

Reports came in today from rural districts in Mississippi, Alabama, Arkansas and Tennessee, that small banks have followed the lead of the cities and have taken united action to protect depositors from loss of money or confidence.

Following a conference of New Orleans bankers, Charles Godchaux, president of the Whitney Central National Bank, today gave out the following:

"New Orleans and the South can be of great benefit in relieving the situation throughout the country, if the East will assist by allowing some of the currency deposited with it by the government to come this way, in order to move the cotton and sugar crops.

"The cotton movement is slow owing to inability of the banks here to supply the necessary cash. The banks are buying foreign exchange liberally, getting New York exchange in payment therefor, but they will soon be at a standstill, as currency cannot be brought down to supply their wants. If some plan can be found to remedy this, conditions in New Orleans will be greatly improved. This will also place New York banks in possession of foreign exchange with which to obtain gold from abroad.

"The sugar crop, which promised to be large, is not a disappointment, and the yield of sugar per ton of cane is fully up to expectations.

"The decision of the Clearing House here to issue Clearing House certificates to restrict the daily withdrawals of cash, and to enforce the sixty-day rule for savings deposits, has met with unanimous approval of the community at large."

Henry B. Schreiber, president of the New Orleans Board of Trade, said:

"Conditions throughout the South as reflected in the finances and commerce of New Orleans are most encouraging. The large movements of cotton throught the ports of New Orleans, Galveston, Savannah, Wilmington and Norfolk, and large sales of other commodities to foreign points are exerting a healthful influence and we are most sanguine as to the showing the South will make in the year 1907."

The Louisiana Stock Exchange and the New Orleans Stock Exchange today suspended business and all actual trading in both institutions will cease until Monday, November 4th. The Louisiana Exchange will suspend all business without reservation, but on the floor of the New Orleans Stock Exchange, State and city securities will be dealt in during the period through which the temporary suspension is in effect. The action of the two exchanges is directly attributable to a communication received yesterday by each exchange from the New Orleans Clearing House Association requesting the two exchanges to suspend business temporarily. The reason for the request was given that the financial conditions in the North and East was such as seriously to imperil speculations in stocks and bonds and that legitimate business interest must suffer thereby.

LOST LIFE TO SAVE OTHERS.

Pittsburg Railroad Employe Hero at Great Sacrifice.

(By Wire to The Morning Star.)

Pittsburg, Oct. 29.—Michael Mason, a middle-aged man, employed by the Pennsylvania Railroad Company at the Union station in this city, tonight sacrificed his own life in saving three other persons from what seemed inevitable death.

A man, woman and child reached the station on the Greensburg express and becoming confused in passing through the train sheds got upon the tracks in front of an incoming train. Mason leaped to their side and with a vigorous push hurled them from the tracks to the platform at the side, but before he could himself reach the platform the train was upon him and he was crushed to death. The rescued passengers escaped in the crowd before their names were ascertained. Mason leaves his widow and two children.

GREAT STAPLES OVERWHELM PANIC

Enormous Shipments of Products to Europe Bringing Millions of Money.

WILL RELIEVE STRINGENCY

South's Cotton, Sugar, Molasses, Rice and Tobacco Cuts Big Figure in Building Credit Abroad—Grain, Copper, Meats, Oils.

(By Wire to The Morning Star.)

New York, Oct. 29.—The enormous influence which American products are exerting in building up a credit balance abroad has been the most signal development of the financial situation today. Reports from all quarters show that the great American staples—wheat, cotton. copper, tobacco, oil, meats—are on their way to Europe, this being the season of the year when American products are marketed abroad. The immediate effect of these shipments is to give the United States a credit abroad which can be speedily converted into cash. These natural resources of the country promise to exert even grater influence than the sale of American scurities abroad. The latter have to some extent suffered discredit under recent pressure, but the intrinsic value of American staples used abroad, and their colossal aggregate at this period of the, year, is beyond the reach of financial distrust. The foreign sales of millions of American copper yesterday were supplemented today by reports of similar heavy exports in wheat, today's shipment alone giving a foreign credit of $1,000,000. The shipments of tobacco to Europe this year promise to break all records. Officials of the American Tobacco Company estimate today from the orders on hand that the year's exports will exceed 50,000,000 pounds of manufactured tobacco, which is far in excess of the amount exported last year.

Europe will pay over $100,000,000 for this tobacco, and much of this money will soon be available in this market, as the contracts with the European importers call for immediate payment on delivery. Shipments of tobacco to Europe will be very heavy in November and December, according to officials of the American Tobacco Company.

Reports from the South show the cotton crop moving toward Europe, while the West is sending grain and meat products in the same direction. The Fall shipment of American products, chiefly agricultural, thus come at an opportune time in giving the country large credits abroad, making it difficult for the foreign money markets to withhold gold, even by the most d rastic raising of their discount rates.

Several favorable events marked the close of the financial day in New York. The engagement of $2,000,000 in gold by the First National Bank of Chicago, and of $500,000 by a Boston bank brought the total gold engagements up close to $20,000,000, in sipte of the cancellation of an order for $900,000 by the Russo-Chinese bank upon the ground that the amount engaged exceeds necessities here.

While money at the Stock Exchange was loaned during most of the day at high rates it fell near the close of the day to 6 per cent., offers of several million dollars at that rate being made by a number of the leading banks.

Comparative calm reigned among New York bankers today. They all realized that the pressure for money was not over, but they felt generally that unreasonable demands for cur that unreasoning panic was at an end and they would be able to meet all reasonable demands for currency. These demands are coming in in considerable amounts from the West and South, in order to obtain money to move the crops, and it is feared that sections where the movement is largest may be more or less hampered in their efforts to obtain funds. The general refusal to pay cash for hoarding, in the West and South as well as in New York, it is believed, will prevent the undue absorption of currency and permit the employment of what is available in the most effective manner.

The arrival of nearly $20,000,000 in gold, it is believed, will considerably relieve the situation and perhaps make call money a little lower on the Stock Exchange. The decline in stocks today was generally attributed to the continued scarcity of money for speculative purposes, the refusal of brokers to make transactions except for cash and the absence of buying interest under present disturbed conditions.

Comparatively few conferences were held today, because it was felt that New York bankers had the situation well in hand and that the provision for Clearing House certificates and for paying large drafts in checks instead of currency would avert any further trouble.

Aside from the satisfactory local conditions, reports from all points showed a favorable tendency. In New England there was no sign of serious unrest, and the recent disturbance in Rhode Island is practically over. No failure was recorded at any point throughout the country. It should be borne in mind in this connection that there are over 12,500 banks in the United States and that the number of institutions which have recently failed is of insignificant proportions as compared with this total. On the whole the banking community takes a very favorable view of the outlook and is particularly encouraged by the large foreign credits secured through the enormous shipments of American products abroad.

Assassin of General Maximoffsky Tried by Court Martial.

(By Cable to the Morning Star.)

St. Petersburg, Oct. 29.—Mlle. Ragozinnikova, who yesterday shot and killed General Maximoffsky, director of the department of prisons of the Ministry of the Interior, was taken to the fortress of St. Peter and St. Paul today, tried by court martial and sentenced to be executed by hanging.

It was reported during the day that the police discovered another plot against the life of Emperor Nicholas and a high official was said to have been arrested in this connection. The police and gendarme officials of St. Petersburg, however, profess to know nothing of the matter and intimate that the rumors probably were due to the large number of arrests and searches made in connection with the assassination of General Maximoffsky, which had resulted in the capture of several accomplices of Mlle. Ragozinnikova.
